

Dotlab Creative Book

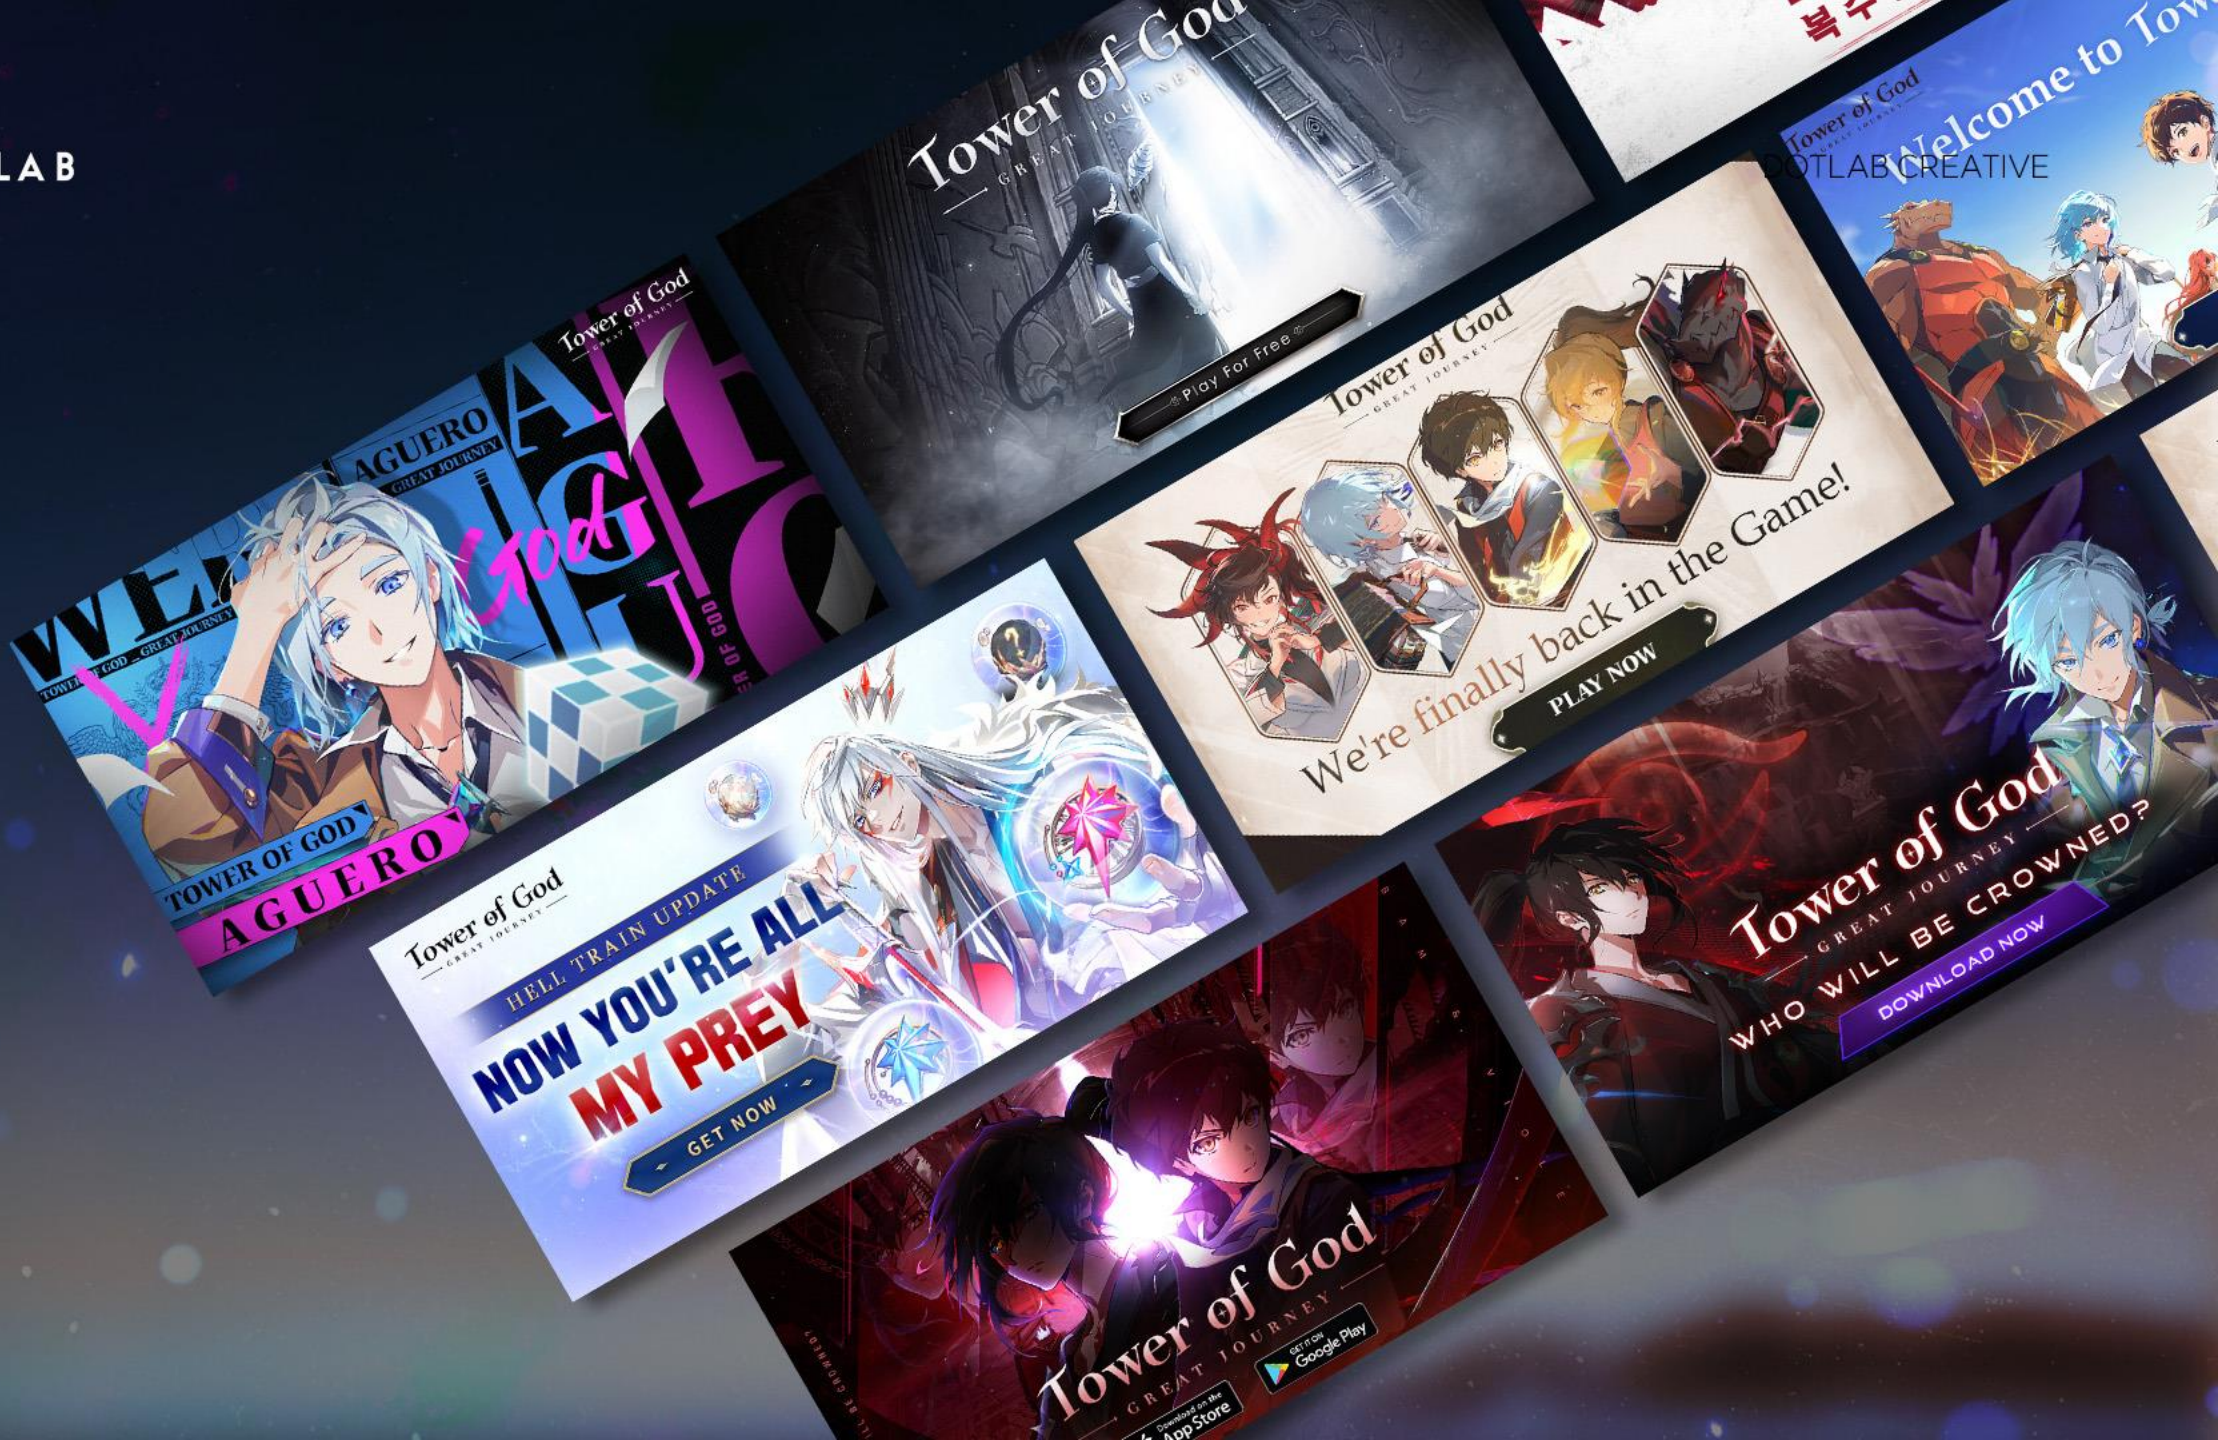

TOWER OF GOD

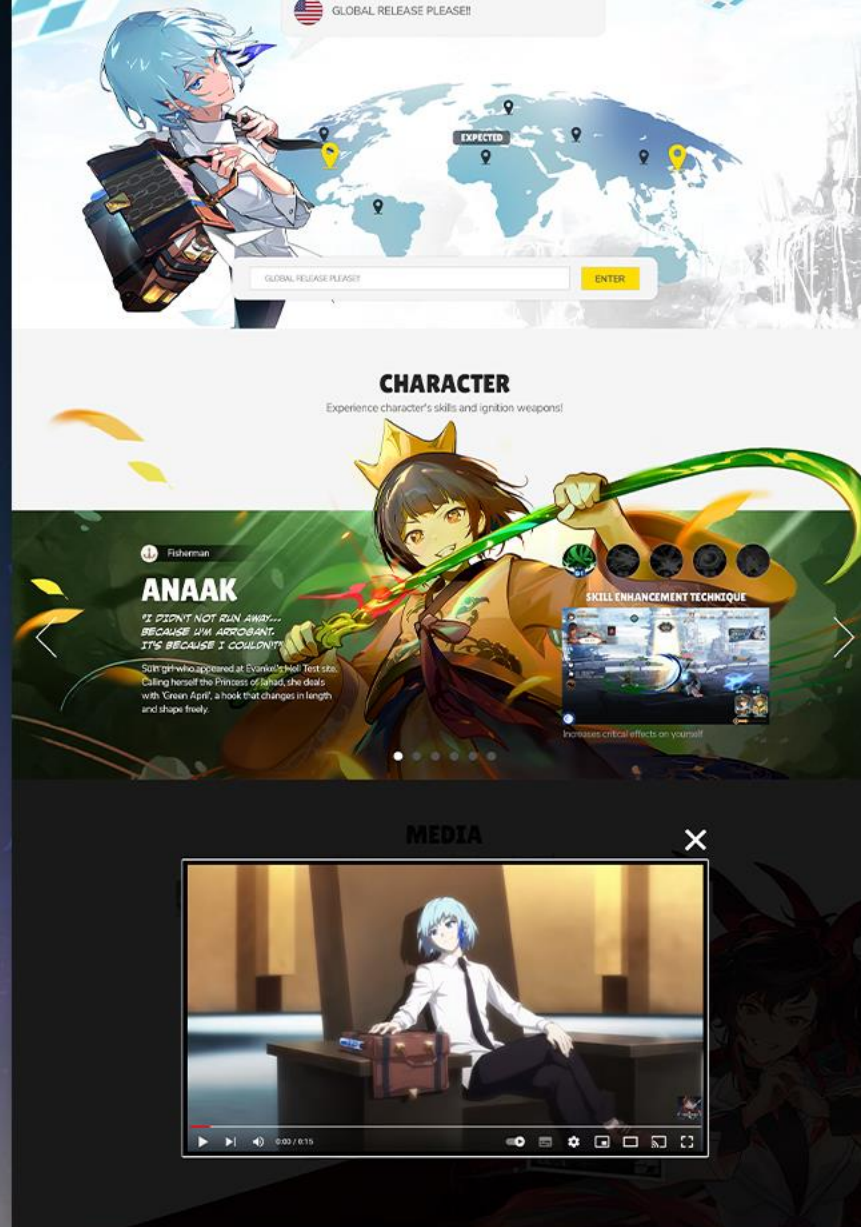

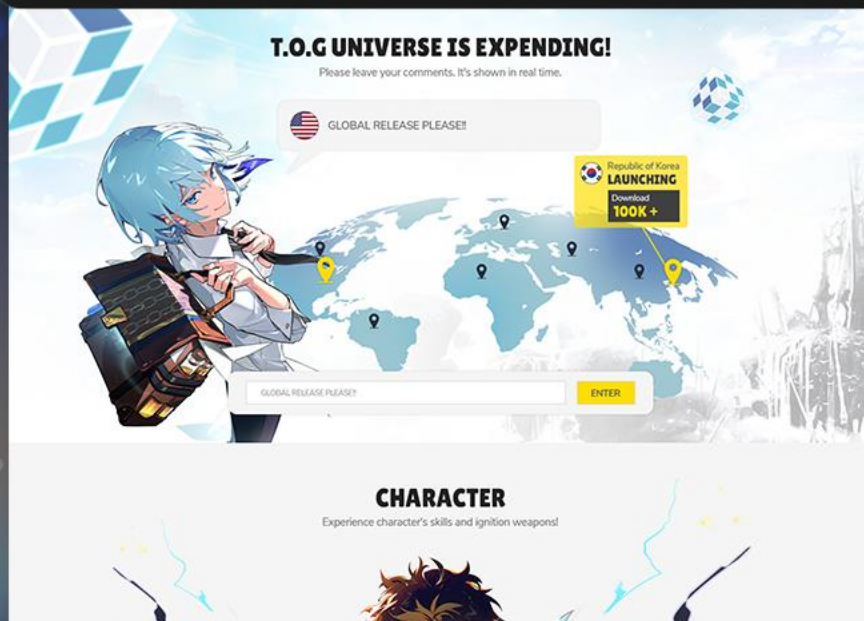

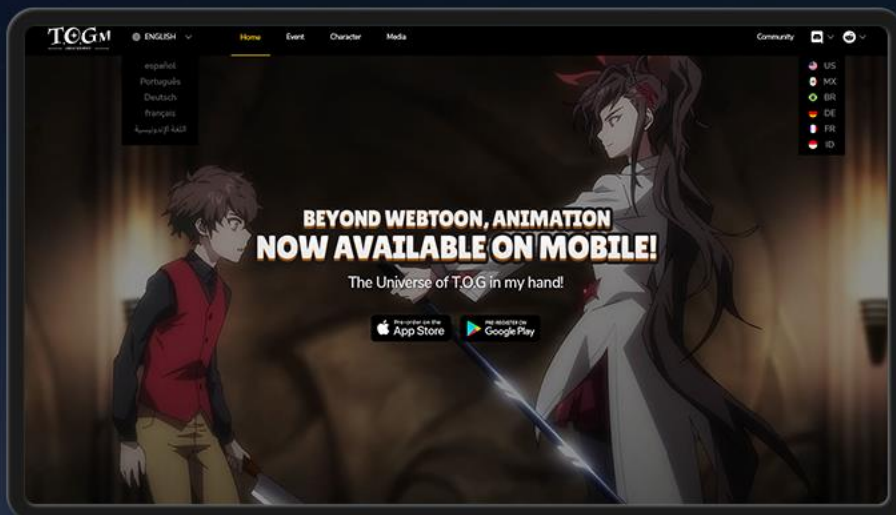

Client: NGELGAMES

Concept

Emphasized each character's original story and action, utilizing the unique feature of its original webtoon which has a solid storyline

DUBIUM

Client: MUMO STUDIO

Concept

Designed copies, minimizing effects to unify the color with the logo

Highlighted characters by using dark backgrounds and situational scenes to align with the thriller genre

DUBIUM

**NO!

Hero Blaze: Three Kingdoms

Client: Natris

Concept

Designed to avoid ordinary
'Romance of the three kingdoms'
visuals
Arranged character illustrations
and copies to emphasize actions

Undead vs Demon

Client: Funtrigger

Concept

Created to build anticipation of the game by placing the demon in the center against the dark background and using characters with auras and bright light effects in their eyes.

Live Puzzle Battle: TrueBeauty

Client: Line Corporation

Concept

Unified colors and emphasized the original IP to create coherence between puzzles and characters

Watch the video >

Watch the video >

Le Roi

Client: Mgame

Concept

Composed to provide contrast between characters or emphasis in-game features, utilizing the characteristics of the strategy game and the character development

에트라 대륙을 이끌수 있는
영웅을 모아라!

Watch the video >

DESTINY CHILD: DEFENSE WAR

Client: Thumbage

Concept

Designed copies and backgrounds to align with the character illustration style and the newly updated characters

Pmang New Matgo

Client: NEOWIZ

Concept

Expressed to harmonize with seasonal and eye-catching creatives for "Hwatu", utilizing adorable characters as the main point while considering its traditional aspect

DOTLAB

DOTLAB CREATIVE

Divine Arena

Client: Chaplingame

Concept

Expressed the distinctiveness of each character, inspired by ancient gods, by designing backgrounds reflecting their mythic characteristics with matching colors

Weapon Master Idle

Client: Mobirix

Concept

Emphasized action by featuring the main character, aligning with the "girl knights" concept

Watch the video >

Solitaire: Farm Village

Client: StickyHands

Concept

Placed small and cute characters and objects alongside other elements
Used round fonts and applied effects to create a sense of texture

Watch the video >

Fishing Village Tycoon

Client: Buff Studio

Concept

Used cute fonts and sea backgrounds to create the cool and refreshing atmosphere

Century: Age of Ashes

Client: Stove

Concept

Expressed with a focus on the aerial action of the dragon fights and additional rewards

Picking The Best Sword

Client: Nexture

Final BI

Candidate BI

Concept

Used rough brush fonts to align with the "Wuxia" concept

Applied gold and silver colors to the fonts, which are commonly found in Wuxia content

Concept

Combined characters and images related to random draws, reflecting the characteristic of the gacha concept

Watch the video >

The National Championship M

Client: Smilegate

Concept

Emphasized the tough side of characters

Designed backgrounds using the landmark of the battle locations

Watch the video >

Dragon Village

Client: Woncomz

Concept

Expressed each dragons' elements
by using various compositions
Used hatching dragons' illustrations
to show the game's feature

Blade Idle

Client: Mobirix

Concept

Designed to inform the collaboration with "The God of High School" by featuring confrontations between characters, the webtoon's contents, and dynamic action by using in-game playing scenes and characters

Soulworker

Client: Lion games

Concept

Placed copies in a torn paper style to align with the game's apocalypse concept

Applied contrasting colors and made a distance between characters to convey confrontation and to give a three-dimensional feeling

The logo for DOTLAB, featuring a stylized 'D' in a circle followed by the text 'DOTLAB'.

DOTLAB CREATIVE

PANGYAPANGYA : Shooting Action RPG

Client: YJM Games

Watch the video >

Concept

Taking advantage of the feel of an 8-bit pixel game, all game elements and copies are expressed in an 8-bit art style to express the fun elements and effects of the game

NANOSPACE

Client: Galileo Sky LLC

Concept

We designed to focus on the characteristics, expressions, and weapons of each character with a clean background

Arcane saga

Client: YJM Games

Watch the video >

Concept

The background is expressed with a sense of space to heighten expectations for the game, and we express the confrontation and character characteristics in color

Magic Tower Rush

Client: ONEPERCENT

KOREAN BI

ENGLISH BI

Concept

In the case of Korean BI, it is expressed with elements such as a tower, shield, and knife to show that it is a defense game that protects the tower. English BI is designed in a way that shows the atmosphere of a casual and cute game

Concept

The fun elements of the game and cute characters are expressed in a funny way through memes or parodies. Make the background as simple as possible to focus on the character or situation

Queens Knights

Client: Mgame

Concept

We emphasized the game itself by using the in-game screenshots and expressed the story in a way that fits well with the characters

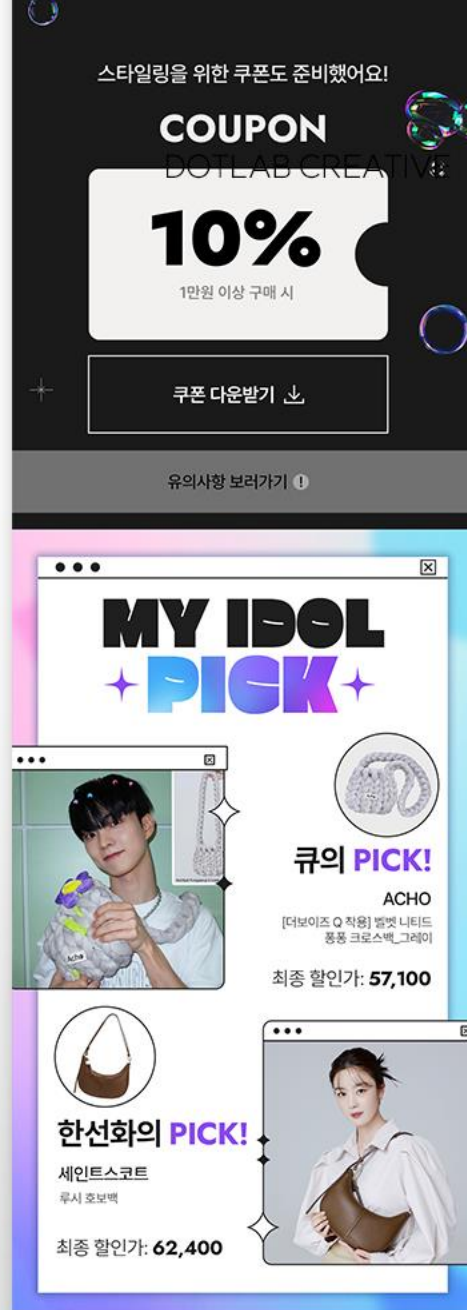

Seoul Store

Client: BRANDI

Concept

Created weekly promotion pages to align with the week's concept
Used design elements and colors that match the promotions' theme, highlighting copies and titles with them
